

InsuranceNow Release Highlights **12/06/24**

# Easily, accurately and quickly rate new policies

## ISO Rating-as-a-Service (RaaS) for Inland Marine

Increase your revenue and grow your business by developing products that adhere to ISO guidelines.

Go live with new products more quickly with an integration to instantly tap into the ISO rating service for Inland Marine.

Provides support for custom coverages even if they are not rated by ISO.

The screenshot displays the GUIDEWIRE InsuranceNow interface for a policy with number CPP00000932-01. The main content area is divided into several sections:

- Limits of Liability:** A table showing various limits such as Each Occurrence Limit (300,000 CSL), General Aggregate Limit (1,000,000 CSL), and Products/Completed Operations Aggregate Limit (1,000,000 CSL).
- Policy Level Coverages:** A section for listing specific coverages.
- Policy Level Forms:** A table listing forms like 'Amendment - Travel Agency Tours (Limitation Of Coverage)' with columns for Manual Premium, Package Mod Factor, and Premium.
- Location Coverages:** A section for location-specific coverages.
- Location Forms:** A table listing forms like 'Location Classification Details' with columns for Loss Cost, ICM, Base Rate, BI Deductible Factor, PD Deductible Factor, Final Deductible Factor, Final ILF, and Final Rate.
- Location Classification Coverages:** A table listing coverages like 'Prem/Op Coverage' with columns for Loss Cost, ICM, Base Rate, BI Deductible Factor, PD Deductible Factor, Final Deductible Factor, Final ILF, and Final Rate.
- Location Classification Forms:** A table listing forms like 'Products/Completed Included' with columns for Final Rate, Premises/Operations Exposure, and Premium.

The bottom of the interface shows the 'Policy Total Premium' as \$1,277.00 and the 'Posting Date' as 02/06/2022.

# Deliver the coverages and limits your customers need

## Blanket for GO Commercial Property

Deliver the protection your policyholders need with Blanket coverage available for InsuranceNow GO Commercial Property.

Achieve faster time-to-value with an out-of-the box solution requiring minimal configuration.

Expand into new markets quickly with less requirements gathering, reduced development and testing, and limited involvement from subject matter experts.

# Ensure the relevancy and accuracy of your records

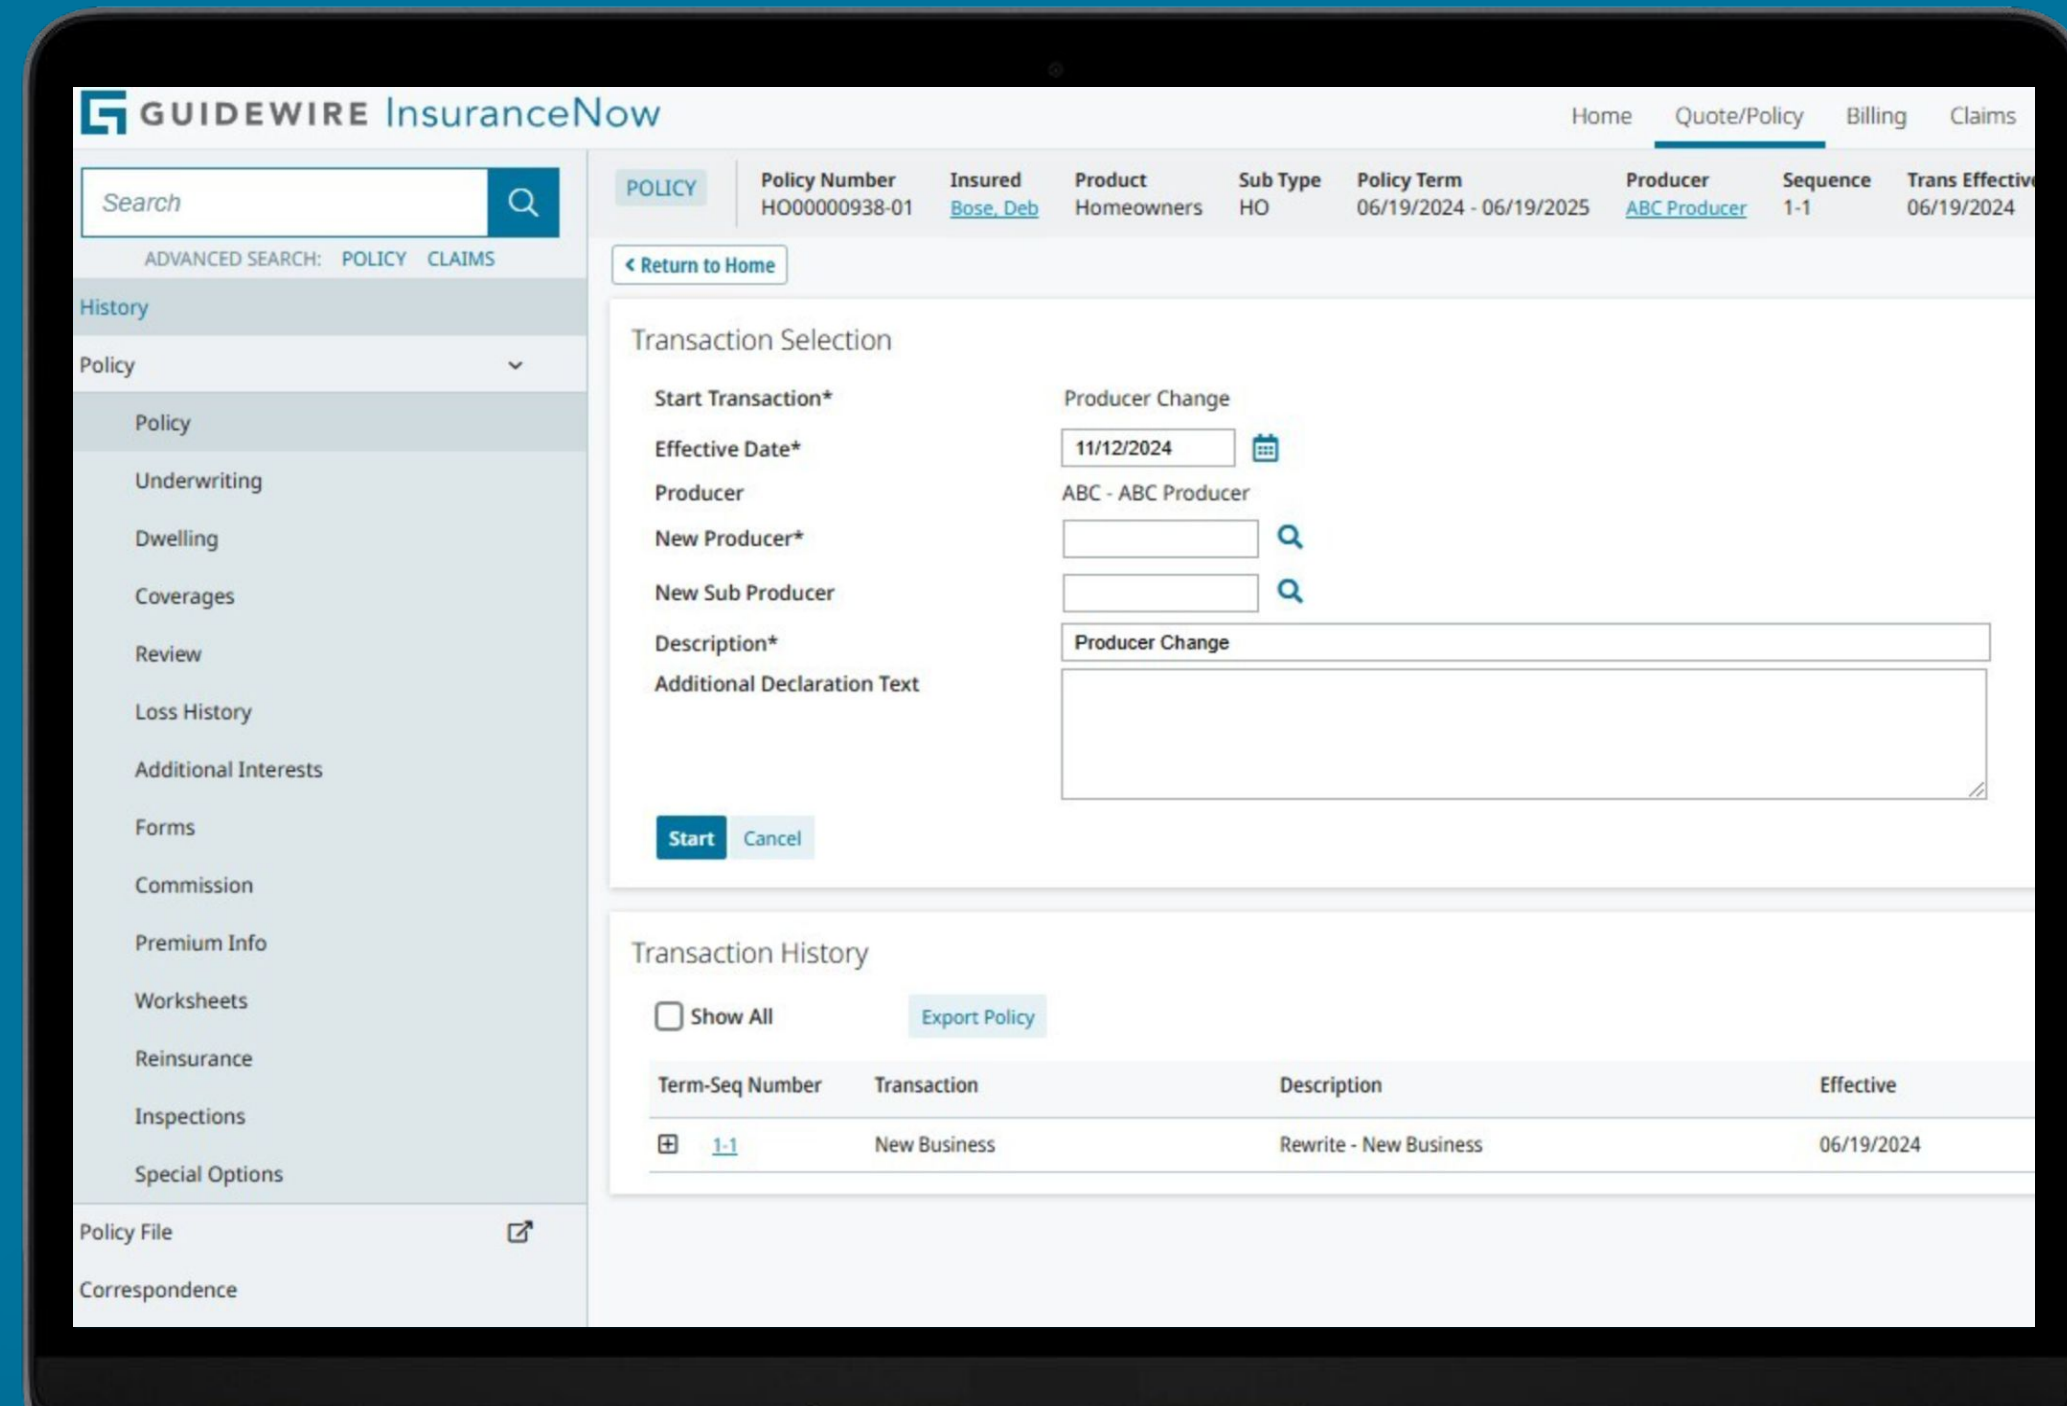

## Mid Term Producer Change

Easily update a producer for a individual policy without having to wait for renewals.

Enable carriers to change the producer for any policy mid term.

Keep your system accurate and up-to-date in real time with the most recent information for every policy

# Streamline the claims and commissions payment process

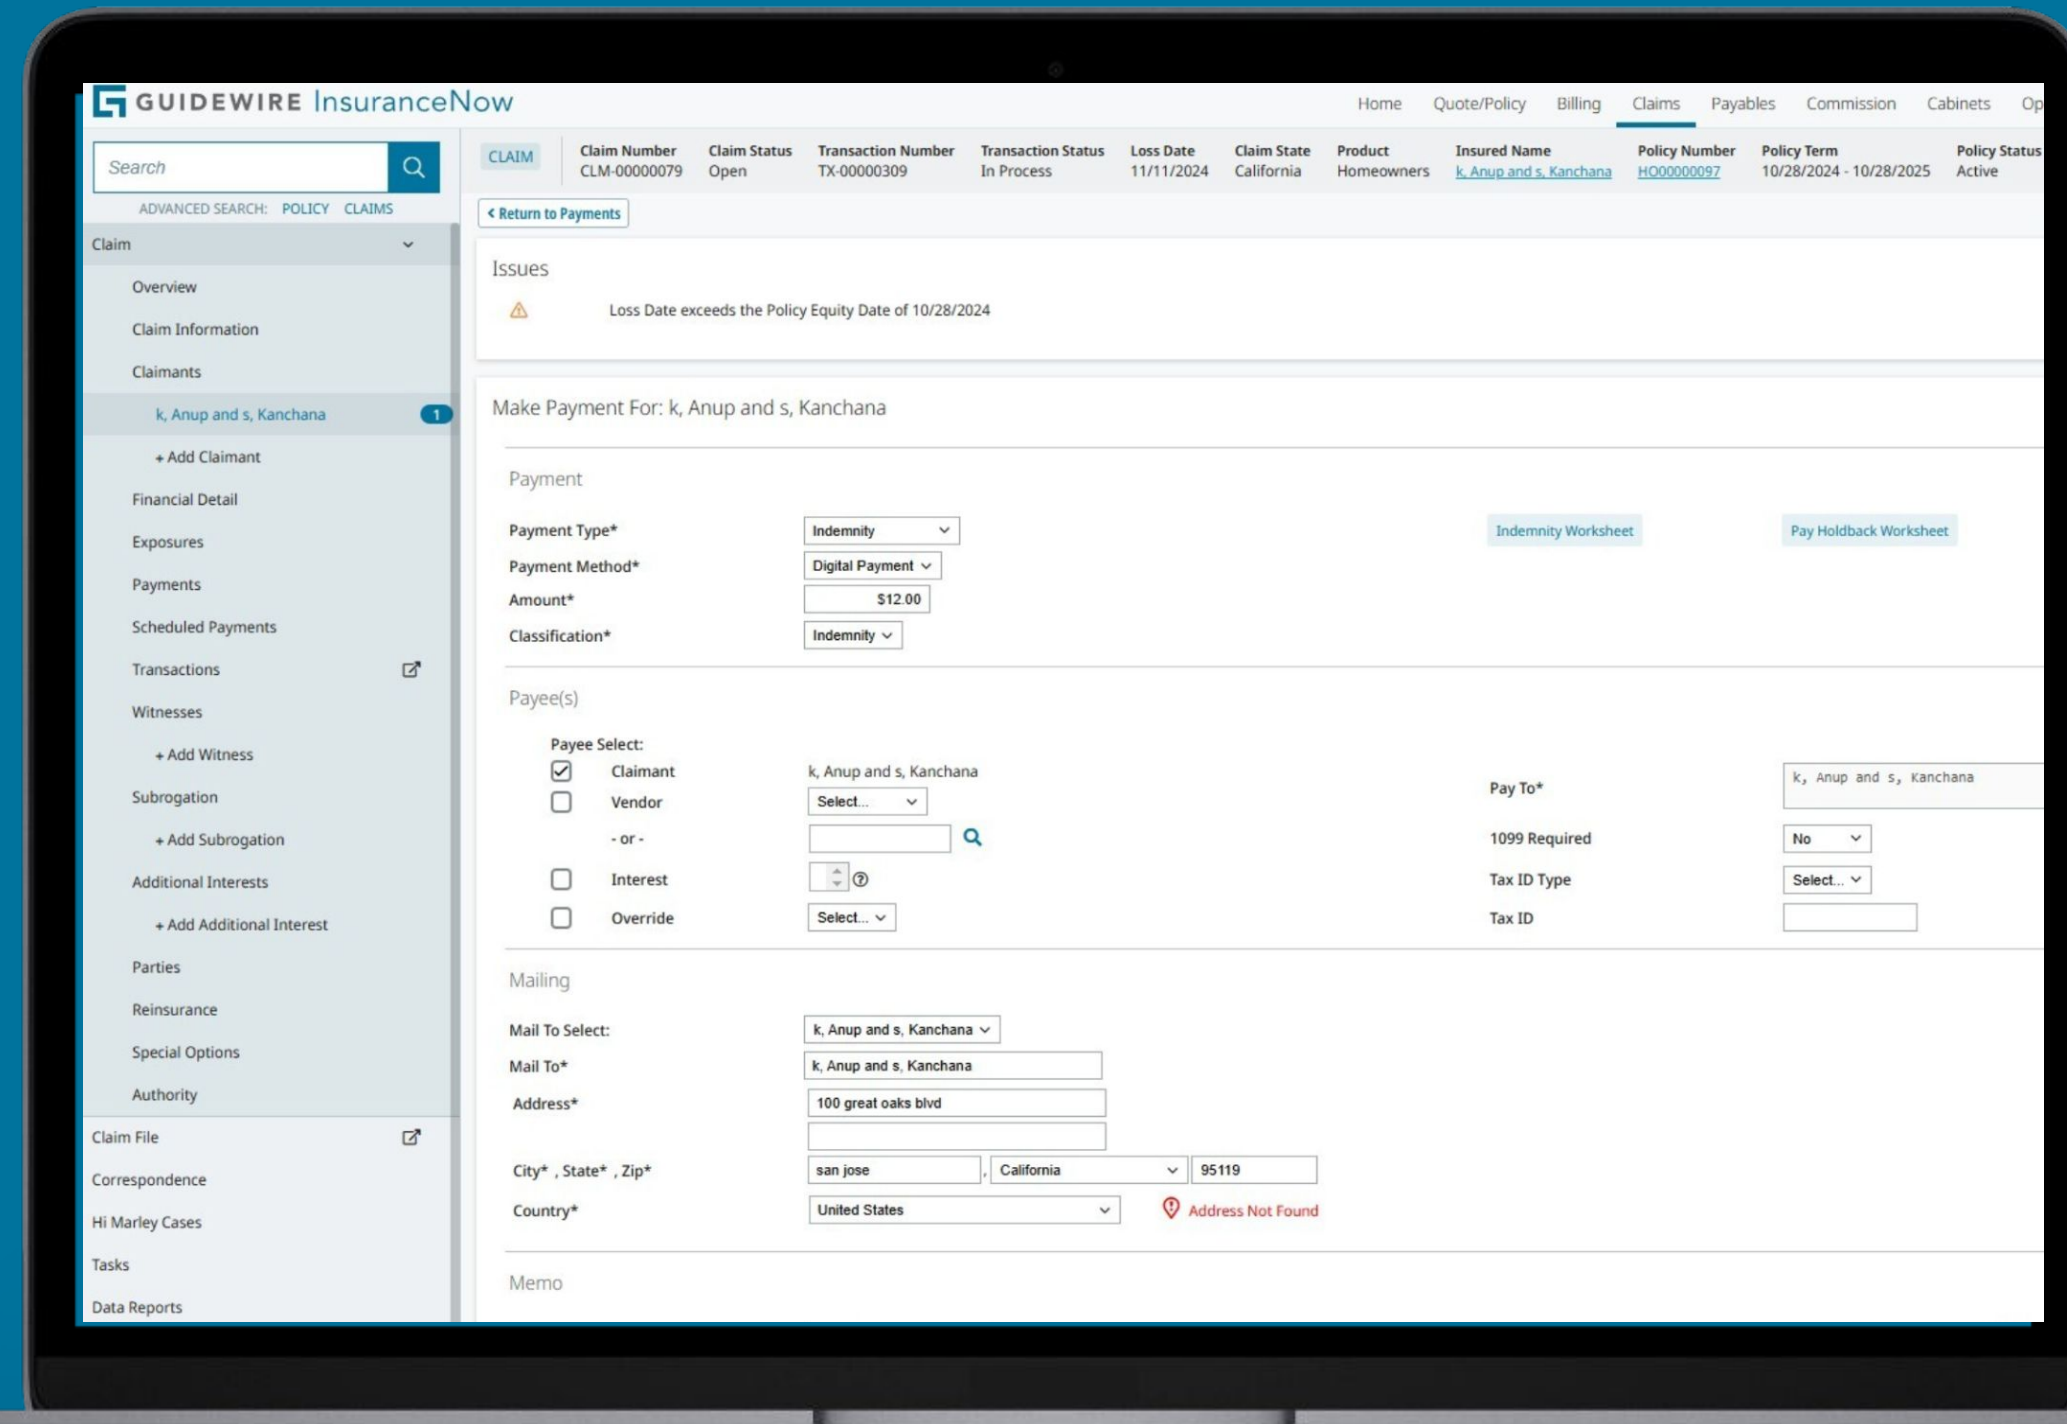

## One Inc: Agent Commission Payment and ClaimsPay Multi-party Claim Payment Approvals

Leverage the power of integrations with two new features available from One Inc.

Ensure transparency in the claims process with Multi-party Claim Payment Approvals that allow payments to multiple parties and require both parties to approve the payment.

Streamline commission payments with Agent Commission Payment with commission payments directly and digitally from One Inc.

# Deliver a better customer experience

## Service Portal Upgrades

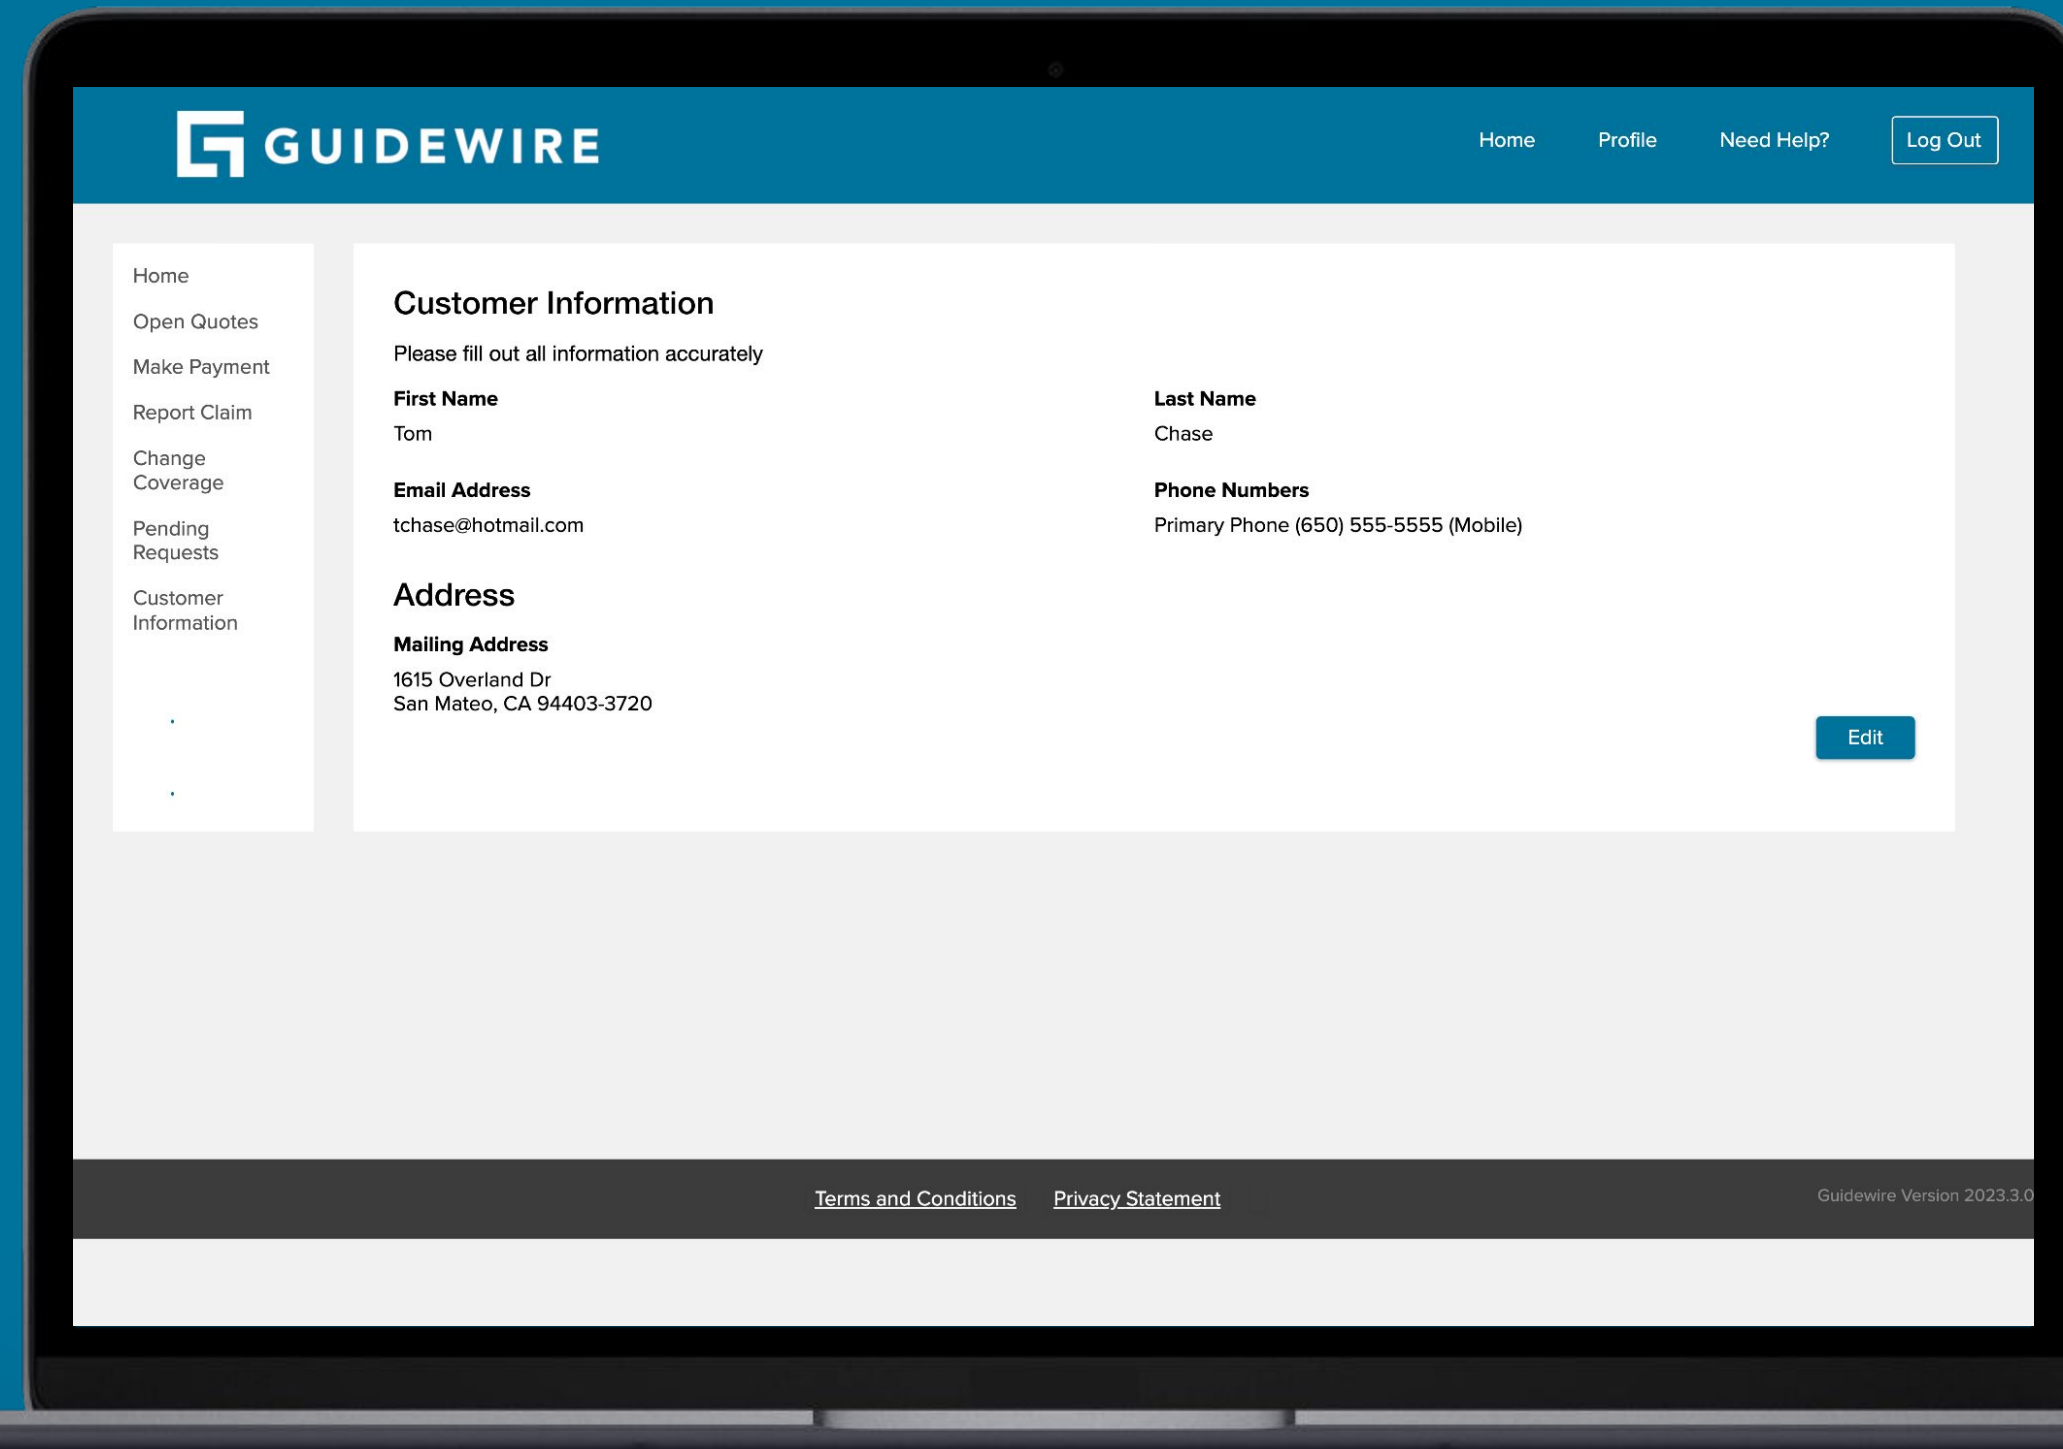

Put more control in the hands of insureds with the ability to easily update:

- Okta registration email address
- MFA email address
- Service portal configurations

Improve the registration process with the ability to enter different email address during user registration.

Streamline the experience for insureds by filtering out certain billing accounts in the payment flow.

# Help policyholders protect their expanded operations

## Multi-State Capability for GO CPP

Leverage the power of InsuranceNow GO to write policies for businesses with operations in more than one state.

Create a better insured experience by delivering a single policy to cover their businesses in different states.

Grow your business by easily and quickly writing multi-state businesses with GO CPP.
